Benefit Payment

Your plan pays a lump-sum **Initial Benefit** upon the first verified diagnosis of a Covered Condition. Your plan also pays a lump-sum **Recurrence Benefit**⁴ for a subsequent verified diagnosis of certain Covered Conditions as shown in the table below. A Recurrence Benefit is only available if an Initial Benefit has been paid for the same Covered Condition. There is a Benefit Suspension Period that applies to Recurrence Benefits. In addition, there is a Benefit Suspension Period that applies to Initial Benefits for different conditions.

The maximum amount that you can receive through your Critical Illness Insurance plan is called the **Total Benefit Amount** and is 5 times the amount of your Benefit Amount. This means that you can receive multiple benefit payments until you reach the maximum of \$25,000, \$50,000, \$75,000, \$100,000, \$125,000, \$150,000, \$175,000, \$200,000, \$225,000 or \$250,000.

METLIFE CRITICAL ILLNESS INSURANCE (CII) IS A LIMITED BENEFIT GROUP INSURANCE POLICY. Like most group accident and health insurance policies, MetLife's CII policies contain certain exclusions, limitations and terms for keeping them in force. Product features and availability vary by state. There may be a Benefit Reduction Due to Age provision. There may be a Benefit Suspension Period between recurrences of the same Covered Condition or occurrences of different Covered Conditions. MetLife offers CII on both an Attained Age basis, where rates will increase when a Covered Person reaches a new age band, and an Issue Age basis, where rates will not increase due to age. Rates are subject to change. MetLife reserves the right to raise premium rates for Issue Age CII on a class-wide basis. A more detailed description of the benefits, limitations, and exclusions applicable to MetLife's CII product can be found in the applicable Disclosure Statement or Outline of Coverage/Disclosure Document available at time of enrollment. For complete details of coverage and availability, please refer to the group policy form GPNP07-CI, GPNP09-CI, GPNP19-CI or contact MetLife for more information. MetLife's Critical Illness Insurance is not intended to be a substitute for Medical Coverage providing benefits for medical treatment, including hospital, surgical and medical expenses. MetLife's Critical Illness Insurance does not provide reimbursement for such expenses.

¹ Coverage is guaranteed provided (1) the employee is actively at work and (2) dependents to be covered are not subject to medical restrictions as set forth on the enrollment form and in the Certificate. Some states require the insured to have medical coverage.

⁴ Review the Disclosure Document or Outline of Coverage/Disclosure Document for information on which Covered Condition may be eligible for a Recurrence Benefit. There may be a Benefit Suspension Period between recurrences of the same Covered Condition, as well as occurrences of different Covered Conditions. There may be a limitation on the number of Recurrence Benefits payable per Covered Condition. We will not pay a benefit for a Covered Condition that is subject to a Benefit Suspension Period. If a Recurrence Benefit is payable for a Cancer Covered Condition, we will not pay such benefit unless the Covered Person has not had symptoms of or been treated for the same cancer for which we paid a benefit during the Treatment Free Period.

⁶ Eligibility for portability through the Continuation of Insurance with Premium Payment provision may be subject to certain eligibility requirements and limitations. For more information, contact your MetLife representative.
